BENEFITS OF GPRS ALARM MONITORING

SMARTPHONE APPLICATION

View your alarm status and turn your alarm on/off remotely with smartphone app.

NO PHONELINE REQUIRED

Save hundreds in phone line rental and expensive 1300 alarm call costs.

ONE FLAT MONTHLY FEE

No matter how many alarm events or activations only a flat monthly fee applies.

RELIABILITY

GPRS automatically checks communications between your alarm system and our monitoring centre hourly.

FREE ALARM ACTIVITY REPORTS

See when cleaners and staff came & go.

FREE ALARM SUPERVISION

We check to make sure that you have armed or disarmed your alarm on time.

NBN PROOF

The NBN will cause standard phone monitored alarms issues with communicating to a central monitoring centre
